LOGISTIC INFORMATION

PUBLIC TRANSPORT:

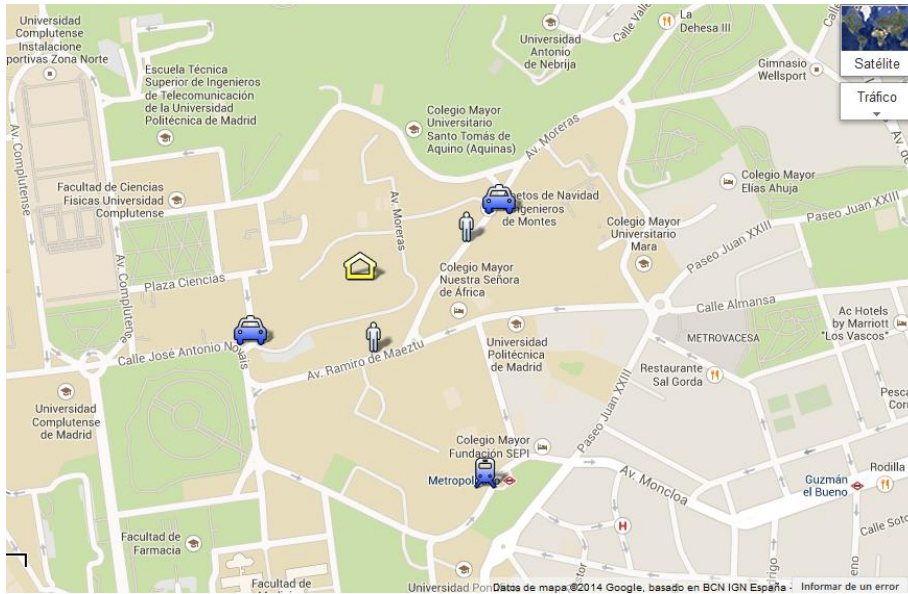

- **METRO.** The best way to travel from the Airport to your hotel in public transportation is by Metro (Underground). The Metro web page is: <http://www.metromadrid.es/en/index.html>. You can buy the Metro Card in the same [Airport terminals](#).
 - The nearest station to the school of forestry - UPM is **VICENTE ALEIXANDRE -LINE 6/Gray- (Way out: Gregorio del Amo)**. This station is now under construction and CLOSED, so the connection is replaced by FREE buses, identified by SE6 (“blue buses”). These buses follow and just stop in the closed METRO stations.
 - In the airport, the name of the station depends on the Terminal of your arrival (AEROPUERTO T1 T2 T3 or AEROPUERTO T4).
- **BUS:**
 - Route “CIRCULAR” moves around important sites of the city and has a stop close to the metro station VICENTE ALEIXANDRE. So, this is a good choice to replace metro, giving the circumstances with the restoration works in the Metro Line 6.
 - Another close bus line to the university is Line 132.
- **AIRPORT EXPRESS BUS.** Direct connection from the airport to Atocha Train Station and Cibeles Square. For more information, please follow the link: <https://www.emtmadrid.es/Bloques-EMT/Aeropuerto.aspx?lang=en-GB>
- **TAXI:** If you choose to take a taxi from the airport to your hotel, please consider that there is a new regulation implying a flat rate of 33 euros, no matter the distance
- **UBER/CABIFY/BOLT:** You have also the option to take these companies in the same airport. They have their own flexible taxes.
- Once in Madrid, you can get around by bus, metro, taxi or Uber, but we strongly recommend the metro or bus (the city is very well-connected by public transport, it is a safe way to get around the city, and it is more environmentally friendly).

ACCOMMODATION INFORMATION

At the university, we do not have any current agreements with hotels, but there are some hotels nearest to our School of Forestry. The 3-star Hotel Indigo Madrid – Princesa could be a good option, as it combines a good location (in the Argüelles neighborhood, close to the main tourist attractions: Puerta del Sol, the Royal Palace, Plaza de España and other traditional, charming and modern neighborhoods) with easy access to metro line 6 (grey), or “Circular” bus, to get to the university. In any case, there are many accommodation options in Madrid that you can check out on websites such as:
