What is NbS-4-Climate?

Educational program to develop new Innovative Courses on nature-based solutions for Sub-Sahara Africa

Nature-based Solutions can promote the sustainable climate change adaptation

Nature-based Solutions (NbS) aim to:

- protect, conserve, restore, & sustainably manage natural or modified terrestrial, freshwater, coastal, & marine ecosystems
- address social, economic & environmental challenges effectively & adaptively
- provide human well-being, ecosystem services resilience & biodiversity benefits

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

Promoting Nature-based Solutions in Uganda and Sub-Sahara Africa for Climate Change Adaptation

An ERASMUS Capacity Building Project

NbS-4-Climate will develop

🌳 Network among universities, research institutes, enterprises & rural communities on NbS

🌳 Six new courses on NbS

🌳 Virtual Learning Platform

Promoted by

Co-funded by the Erasmus+ Programme of the European Union
